CLEAN FACE NO UNSIGHTLY VENTING

Unlike models made by other manufacturers, SYMMETRY models are unencumbered by unsightly venting. Venting and grills take away from the aesthetics of a fireplace and the SYMMETRY series have some of the biggest glass viewing areas in the industry. You'll see more of what is important - a beautiful, warm and comforting flame display.

HASSLE FREE INSTALLATION

The SYMMETRY has been made with standardized unit sizing. This means that the opening for the fireplace can be made at any stage of a build, the appliance can be easily installed and finished with the included surround at the end of a project. The surround beautifully completes the fireplace without the need for finicky or costly finishing.
